#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Leelanau Montessori Public School Academy

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Leelanau Montessori Public School Academy, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Leelanau Montessori Public School Academy's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Leelanau Montessori Public School Academy, as of June 30, 2023, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Leelanau Montessori Public School Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that raise substantial doubt about Leelanau Montessori Public School Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- > Exercise professional judgment and maintain professional skepticism throughout the audit.
- ➤ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- ➤ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Leelanau Montessori Public School Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that raise substantial doubt about Leelanau Montessori Public School Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2023 on our consideration of Leelanau Montessori Public School Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Leelanau Montessori Public School Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Leelanau Montessori Public School Academy's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Leelanau Montessori Public School Academy's (Academy) annual financial report presents our discussion and analysis of the public school Academy's financial performance during the fiscal year that ended on June 30, 2023. Please read it in conjunction with the Academy's financial statements, which immediately follow this section.

#### **Financial Highlights**

➤ The Academy had an increase in the fund balance in the general fund of \$136,195, compared to a budgeted increase of \$45,441. This gives the Academy a general fund balance of \$327,624.

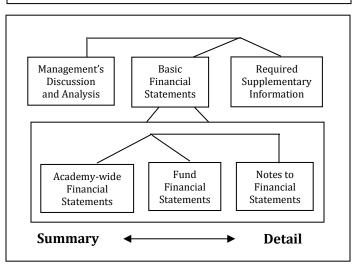

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts - management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the Academy:

- The first two statements are Academy-wide *financial statements* that provide both short-term and long-term information about the Academy's overall financial status.
- > The remaining statements are *fund financial statements* that focus on individual parts of the Academy, reporting the Academy's operations in more detail than the Academywide statements.
- The *governmental funds* statements tell how basic services like regular and special education were financed in the short-term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary

Figure A-1 Organization of Leelanau Montessori Public School Academy's Financial Report

information that further explains and supports the financial statements with a comparison of the Academy's budget for the year. Figure A-1 shows how the various parts of the annual report are arranged and related to one another.

Figure A-2 summarizes the major features of the Academy's financial statements, including the portion of the Academy's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Figure A-2 Major Features of the Academy-wide and Fund Financial Statements

	Academy-wide Statements	Governmental Funds
		All activities of the academy that are
Scope	Entire academy	not fiduciary
Required financial statements	* Statement of net position * Statement of activities	* Balance sheet * Statement of revenues, expenditures, and changes in fund balances
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and the related liability is due and payable

#### **Academy-wide Statements**

The Academy-wide statements report information about the Academy as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Academy's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Academy-wide statements report the Academy's net position and how they have changed. Net position - the difference between the Academy's assets, liabilities, and deferred inflows, is one way to measure the Academy's financial health or position.

- Over time, increases or decreases in the Academy's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- > To assess the overall health of the Academy, you need to consider additional non-financial factors such as changes in the Academy's enrollment, the condition of school buildings and other facilities, and the Academy's ability to be competitive with other public school academies and area school districts.

Governmental activities - The Academy's basic services are included here, such as regular and special education and administration. State foundation aid finances most of these activities.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the Academy's funds, focusing on its more significant or "major" funds - not the Academy as a whole. Funds are accounting devices the Academy uses to keep track of specific sources of funding and spending on particular programs.

- ➤ Some funds are required by State law and by debt agreements.
- > The Academy could establish other funds to control and manage money for particular purposes (like capital projects).

The Academy has one kind of fund:

All of the Academy's basic services are included in governmental funds which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the Academy-wide statements, we provide additional information with the governmental funds statement that explains the relationship (or differences) between them.

#### Financial Analysis of the Academy as a Whole

Net position - the Academy's combined net position of \$686,238 increased by \$163,295 during the year. See Figures A-3 and A-4.

The total revenues amounted to \$1,508,073. The state aid foundation allowance included in revenue from state sources accounts for approximately 45% of the Academy's revenue.

The total cost of instruction amounted to \$729,746. Total support service amounted to \$476,480. Total community service amounted to \$33,101. Other expenses amounted to \$105,451.

Total expenses	1,344,778	1,147,280		
Change in net position	\$ 163,295	\$ 126,406		

#### Financial Analysis of the Academy's Funds

The Academy's general fund balance increased by \$136,195. Instruction expenditures amounted to \$730,077 and support service expenditures amounted to \$476,792. Instruction expenditures and support service expenditures increased because of additional grant funding, staffing, and programming additions.

#### **General Fund Budgetary Highlights**

Over the course of the year, the Academy revised the general fund annual operating budget when necessary. Changes were made in both revenue and expenditures which reflected anticipated increases in state aid, additional grant funding and actual salary figures for staff.

The Academy's final budget for the general fund anticipated revenues would exceed expenditures by \$45,441. The actual results for the year showed revenues over expenditures of \$136,195.

Actual revenues were \$57,005 less than budgeted.

Actual expenditures were \$147,759 less than budgeted, due primarily to the unspent grants and normal expected variances.

By the end of the year ended June 30, 2023, the Academy had invested \$1,338,573 in capital assets net of accumulated depreciation and amortization as summarized in Figure A-5. This amount represents a decrease of \$20,164 from the beginning of the year. Total depreciation and amortization expense for the year was \$45,164. More detailed information about capital assets can be found in Note 4 of the financial statements.

The Academy's capital assets are as follows:

Figure A-5 Leelanau Montessori Public School Academy's Capital Assets					
		2023		2022	
		Accumulated

Total	\$ 1,594,138	\$ 255,565	\$ 1,338,573	1,358,737	

#### **Long-term Obligations**

As of June 30, 2023, the Academy has obligations for compensated absences of \$2,250 and \$977,709 of direct borrowing and direct placements. More detailed information about long term debt can be found in Note 5 to the financial statements.

#### Factors Bearing on the Academy's Future

At the time these financial statements were prepared and audited, the Academy was aware of existing circumstances that could significantly affect its financial health in the future.

- ➤ The per pupil state aid foundation for 2023-24 is \$9,608. This is an increase from the previous school year. The Academy's fund balance will continue to be a major focus of the board/administration this year as raising our fund balance will allow us to ensure the necessary programming required for the Academy. Ensuring we have adequate funds for building maintenance, growth and operation is an essential consideration to maintain our fund balance. LMPSA received ESSER funds to help offset the cost of operating during a pandemic and to help support the academic integrity during a period of instructional loss. These monies are now allocated, and we must operate using state aid and tuition dollars.
- > There is a continued commitment to develop board and staff capacity that supports student achievement. The goal is to raise student achievement and further enhance the positive perception of the education the Academy provides area students. This will positively impact student retention and the reputation of the Academy.
- Employment and economic opportunities impact the ability for families to live and work in the region. Demographic trends are unstable though enrollment continues to climb, staffing shortages in education is a local, regional, and national concern. The ability to retain and train qualified teachers will continue to be a focus moving forward. The difficulty in finding a teacher who possesses the appropriate state credentials, along with the Montessori training is challenging and costly.
- ➤ We are lacking square footage for expansion thus limiting our ability to achieve sustainability. LMPSA assumes that expanding early childhood programming will serve as a community service and sustain numbers as a feeder program to the Elementary portion of the school.
- > Owning the Connie Binsfeld building and securing long-term leases with the current tenants creates financial stability and allows the school to continue focusing on student growth. LMPSA is considering costs of capital expansion and building improvements which will add to the financial pressure of the school.
- ➤ Board and management gave consideration to uphold the educational integrity of the program and increased salaries to align with area school teacher salaries and reflect our values as a school.
- > Our student achievement data is lower than area schools. Stakeholders have reported this concern. Professional development and instructional coaching are a priority to increase our ability to use data to improve student achievement.

The Board of Education and management have taken appropriate steps to control cost. Primary consideration was given to maintaining the educational integrity of the program and increasing salaries to align with area school teacher salaries.

#### Contacting the Academy's Financial Management

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional information, contact: Leelanau Montessori Public School Academy, 7401 E. Duck Lake Road, Lake Leelanau, MI 49653. We can be reached by phone at (231) 994-2074.

# LEELANAU MONTESSORI PUBLIC SCHOOL ACADEMY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2023

#### Net change in fund balances total governmental funds

136,195

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, these costs are allocated over their estimated useful lives as depreciation/amortization:

Depreciation/amortization expense Capital outlay

(45,164) 25,000

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The effect of these differences is the treatment of long-term debt and related items and are as follows:

Payments on debt

Compensated absences are reported on the accrual method in the statement of activities, and recorded as an expenditure when financial resources are used in the governmental funds:

Accumulated compensated absences, beginning of the year Accumulated compensated absences, end of the year

6,450 (2,250)

43,064

Change in net position of governmental activities

\$ 163,295

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Academy. *Governmental activities* normally are supported by intergovernmental revenues.

#### Reporting Entity

Leelanau Montessori Public School Academy (the "Academy") is a public school academy as part of the Michigan Public School System under Public Act No. 362 of 1993. Beginning July 2018, Bay Mills Community College is the authorizing governing body for the Academy and has contracted with the Academy to charter the public school through June 2026 and the Academy's Board of Directors is approved by the authorizing body for the Academy and has decision-making authority, the power to designate management, the ability to significantly influence operations, and the primary accountability for the fiscal matters. The Academy receives funding from local, state, and federal sources and must comply with all of the requirements of these funding source entities. However, the Academy is not included in any other governmental reporting entity as defined by the accounting principles generally accepted in the United States of America. In addition, the Academy's reporting entity does not contain any component units as defined in Governmental Accounting Standards Board (GASB) Statements.

#### Basis of Presentation - Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the Academy's funds. Separate statements for each fund category - governmental - are presented. The emphasis of fund financial statements is on major governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Academy reports the following *Major Governmental Fund*:

The *General Fund* is the Academy's primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.

During the course of operations, the Academy has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, they are eliminated in the preparation of the government-wide financial statements.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, they are eliminated in the preparation of the government-wide financial statements.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are generally collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

State and federal aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

The State of Michigan utilizes a foundation grant approach which provides for a specific annual amount of revenue per pupil based on a statewide formula. The foundation is funded from state and local sources. Revenues from state sources are primarily governed by the Academy Aid Act and the Academy Code of Michigan. The Michigan Department of Education administers the allocation of state funds to academies based on information supplied by the Academies. For the current year ended, the foundation allowance was based on pupil membership counts.

The state portion of the foundation is provided primarily by a state education property tax millage of 6 mills on Principle Residence Exemption (PRE) property and an allocated portion of state sales and other taxes. The state revenue is recognized during the foundation period and is funded through payments from October to August. Thus, the unpaid portion at June 30 is reported as intergovernmental receivables.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### Measurement Focus and Basis of Accounting (continued)

The Academy also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain governmental funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received and accrued, which are not expended by the close of the fiscal year are recorded as unearned revenue.

All other revenue items are generally considered to be measurable and available only when cash is received by the Academy.

#### **Budgetary Information**

**Budgetary Basis of Accounting** 

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executor) contracts for goods or services (i.e., purchase orders, contracts, and commitments). The Academy does not utilize encumbrance accounting.

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Superintendent submits to the Academy Board a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them. The level of control for the budgets is at the functional level as set forth and presented as required supplementary information.
- b. Prior to July 1, the budget is legally adopted by the Academy Board resolution pursuant to the Uniform Budgeting and Accounting Act (1968 PA 2). The Act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will be less than anticipated or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations, if any, in the general fund are noted in the required supplementary information section.
- c. Transfers may be made for budgeted amounts between major expenditure functions within any fund; however, these transfers and any revisions that alter the total expenditures of any fund must be approved by the Academy Board of Directors.
- d. The budget was amended during the year with supplemental appropriations, the last one approved prior to year-end June 30, 2023. The Academy does not consider these amendments to be significant.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### Cash and Cash Equivalents

The Academy's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### **Prepaids**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### Capital Assets

Capital assets, which include property, building and technology and equipment as summarized below, are reported in the government-wide financial statements. Capital assets are defined by the Academy as assets with an initial, individual cost of more than \$1,000 and a useful life in excess of one year. Group purchases are evaluated on a case by case basis. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Land and construction in progress, if any, are not depreciated. Right to use assets of the Academy are amortized using the straight-line method over the shorter of the lease period or the estimated useful lives. The other capital assets of the Academy are depreciated using the straight-line method over the following estimated useful lives:

Capital Asset Classes	Lives
	•
Building and additions	20 - 50
Land improvements	20 - 50
Furniture and equipment	5 - 20
Right to use - portable classrooms	3

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Academy has no items that qualify for reporting in this category.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Deferred Outflows/Inflows of Resources (continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The Academy has no items that qualifies for reporting in this category related to leases.

#### Net Position Flow Assumption

Sometimes the Academy will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

#### Fund Balance Flow Assumptions

Sometimes the Academy will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Academy itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Academy's highest level of decision-making authority. The Board of Directors is the highest level of decision-making authority for the Academy that can, by adoption of a board action prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the board action remains in place until a similar action is taken (the adoption of another board action) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Academy for specific purposes but do not meet the criteria to be classified as committed. The board of directors may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Leases

Lessee: The Academy is a lessee for a noncancelable lease of equipment. The Academy recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements.

At the commencement of a lease, the Academy initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases include how the Academy determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- > The Academy uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Academy generally uses its estimated incremental borrowing rate as the discount rate for leases.
- ➤ The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Academy is reasonably certain to exercise.

The Academy monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term obligations on the statement of net position.

Lessor: The Academy is also a lessor for a noncancelable lease of a building. The Academy recognizes a lease receivable and a deferred inflow of resources in the governmental-wide and governmental fund financial statements.

As the commencement of a lease, the Academy initially measurers the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payment received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the Academy determines (1) the discount rate is used to discount the expected lease receipt to present value, (2) lease term, and (3) lease receipts.

- ➤ The Academy uses its estimated incremental borrowing rate as the discount rate for leases.
- > The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Leases (continued)

The Academy monitors changes in circumstances that would require a remeasurement of this lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### Revenues and Expenditures/Expenses

#### Program Revenues

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational requirements of a particular function or segment. Unrestricted state aid, interest, and other internally dedicated resources are reported as general revenues rather than as program revenues.

#### Compensated Absences

The Academy's policy permits employees to accumulate earned but unused leave days, which are eligible for payment upon separation from service. The liability for such leave is reported as incurred in the government-wide financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary and related benefits, where applicable.

#### **NOTE 2 - CASH DEPOSITS - CREDIT RISK**

In the case of deposits, this is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. As of June 30, 2023, \$42,619 of the Academy's bank balance of \$423,573 was exposed to custodial credit risk because it was uninsured and uncollateralized. At June 30, 2023, the carrying amount is as follows:

Cash and cash equivalents	\$ 421,797

#### **NOTE 3 - INTERGOVERNMENTAL RECEIVABLES**

As of June 30, 2023, the Academy had the following amounts due from other governmental units:

Federal State	\$ 130,509 130,250
	\$ 260,759

No allowance for doubtful accounts is considered necessary.

#### **NOTE 4 - CAPITAL ASSETS**

A summary of changes in the Academy's capital assets follows:

	Balance _ July 1, 2022 _ Additions		dditions	Deletions/ Reclassifications		Balance June 30, 2023		
Capital assets not being depreciated								
Land	\$	84,828	\$		\$		\$	84,828

Net governmental capital assets	\$	1,358,737	\$	(20,164)	\$		\$	1,338,573

Depreciation/amortization for the fiscal year ended June 30, 2023 amounted to \$45,164 and was charged as follows:

Support services	\$ 3,557
Intergovernmental	31,705
Unallocated	 9,902
	\$ 45,164

#### **NOTE 5 - LONG-TERM OBLIGATIONS**

The following is a summary of long-term obligations for the Academy for the year ended June 30, 2023:

	N	lotes from					
		Direct					
	F	Borrowing					
	á	and Direct					
	P	Placements		Absences		Total	
Balance July 1, 2022 Deletions	\$	1,020,773 (43,064)	\$	6,450 (4,200)	\$	1,027,223 (47,264)	
Balance June 30, 2023 Due within one year		977,709 (35,293)		2,250 (225)		979,959 (35,518)	
Due in more than one year	\$	942,416	\$	2,025	\$	944,441	

Long-term obligations at June 30, 2023 are comprised of the following issues:

#### Notes from Direct Borrowings and Direct Placements

Building note - June 2018 purchase and renovation of a building. Interest payments due beginning July 22, 2018, for one year and then the loan will be due in monthly installments of \$8,073 beginning July 22, 2019 through September 22, 2039. The maximum principal amount secured by this instrument at any one time will not exceed \$1,092,000. The mortgage bears interest of 3.50% above a United States Treasury five year index rate for an actual interest rate of 6.30%. The interest rate will change every five years from the loan anniversary date based on the adjustment of this index

every five years from the loan anniversary date based on the adjustment	
of this index.	\$ 977,709
Compensated absences	2,250
Total general long-term obligations	\$ 979,959

The Academy's outstanding notes from direct borrowings and direct placements related to governmental activities of \$977,709 contains provisions that in an event of default, either by (1) unable to make principal or interest payments (2) false or misrepresentation is made to the lender (3) become insolvent or make an assignment for the benefit of its creditors (4) if the lender at any time in good faith believes that the prospect of payment of any indebtedness is impaired. Upon the occurrence of any default event, the outstanding amounts, including accrued interest become immediately due and payable.

#### **NOTE 5 - LONG-TERM OBLIGATIONS (continued)**

The annual requirements to amortize long-term obligations outstanding exclusive of compensated absences payments as of June 30, 2023, are as follows:

Notes from Direct Borrowings and	
Direct Placements	

	Direct Placements							
Year Ending June 30,	P	Principal Interest		Compensated Absences		Total		
2024	\$	35,293	\$	61,585	\$	_	\$	96,878
2025		37,784		59,094		-		96,878
2026		40,270		56,608		-		96,878
2027		42,918		53,960		-		96,878
2028		45,601		51,277		-		96,878
2029-2033		277,835		206,554		-		484,389
2034-2038		382,099		102,290		-		484,389
2039-2040		115,909		4,977				120,886
Compensated absences		977,709		596,345 -		2,250		1,574,054 2,250
	\$	977,709	\$	596,345	\$	2,250	\$	1,576,304

Interest expense for the year ended June 30, 2023 was \$63,768.

#### **NOTE 6 - OVERSIGHT FEES**

The Academy pays an administrative oversight fee of 3% of its state school aid to the Bay Mills Community College, as set forth by contract, to reimburse Bay Mills Community College for the cost of execution of its oversight responsibilities. These oversight responsibilities include the monitoring of the Academy's compliance with the terms and conditions of the contract, and the review of its audited financial statements and periodic reports. During the year ended June 30, 2023, the Academy incurred expense of \$21,538 for oversight fees.

#### **NOTE 7 - MANAGEMENT AGREEMENT**

The Academy had entered into an annual (renewable at the end of each twelve month period) management agreement with Traverse City Area Public Schools for operations of the Academy. Under the terms of the management agreement, TCAPS' compensation for operating the Academy was \$17,500 for the fiscal year 2023.

#### **NOTE 8 - RISK MANAGEMENT**

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. To minimize the risk, the Academy carries commercial insurance.

#### **NOTE 9 - CONTINGENT LIABILITIES**

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the Academy expects such amounts, if any, to be immaterial.

#### **NOTE 10 - UPCOMING ACCOUNTING PRONOUNCEMENTS**

In June 2022, the GASB issued Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62. This Statement prescribes the accounting and financial reporting for (1) each type of accounting changes and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The Academy is currently evaluating the impact this standard will have on the financial statements when adopted during the 2023-2024 fiscal year.

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. This Statement also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as the date of the financial statements. The Academy is currently evaluating the impact this standard will have on the financial statements when adopted during the 2024-2025 fiscal year.

#### **NOTE 11 - CHANGE IN ACCOUNTING PRINCIPLE**

For the year ended June 30, 2023, the Academy implemented the following new pronouncement: GASB Statement No. 96, Subscription-based Information Technology Arrangements.

#### **Summary:**

Governmental Accounting Standards Board (GASB) Statement No. 96, Subscription-based Information Technology Arrangements, was issued in May 2020. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in the right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

There was no material impact on the Academy's financial statement after the adoption of GASB Statement No. 96.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Leelanau Montessori Public School Academy

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Leelanau Montessori Public School Academy as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Leelanau Montessori Public School Academy's basic financial statements and have issued our report thereon dated September 19, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Leelanau Montessori Public School Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Leelanau Montessori Public School Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Leelanau Montessori Public School Academy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Leelanau Montessori Public School Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**517.323.7500** 

**517.323.6346** 

September 19, 2023

To the Board of Directors Leelanau Montessori Public School Academy

In planning and performing our audit of the financial statements of Leelanau Montessori Public School Academy as of and for the year ended June 30, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered Leelanau Montessori Public School Academy's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, during our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated September 19, 2023 on the financial statements of Leelanau Montessori Public School Academy. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control, or result in other operating efficiencies.

We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. Our comments are summarized as follows:

#### **Repeat Comments**

#### **Positive Pay Service**

The Academy should consider implementing a positive pay service from their bank. Positive pay is a fraud deterrent service offered by banks that allows commercial customers to monitor and control the payment of checks. It also provides assurance that presented items have not been altered. The customer provides the bank with an electronic listing of all disbursements. Each check presented for payment is compared to this database (check number, amount, payee, date, etc.), and any checks that do not match exactly are placed on an exception listing. The exceptions are available for review daily, usually online, so the customer may make a final determination of payment. More information about this service is available from most commercial banks.

We noted that certain employees in the business office can initiate and release electronic transactions without a second review or approval. We recommend the Academy implement controls over transfers and ACH transactions that require a dual approval process.

#### **Review of Vendors**

During our review of the cash disbursements process, we noted a few items that would help improve internal controls in this area. First, when a new vendor is added to the system, a search for the vendor should be performed on the website <a href="https://www.sam.gov">www.sam.gov</a> which contains all of the federal debarred vendors. Second, the vendor list should be reviewed at least annually in order to search for any unusual or improper vendors.

#### Long Range Plan and Disaster Recovery Plan

The Academy has network backup and recovery procedures. We recommend the Academy leverage these procedures and develop a more comprehensive written disaster recovery plan. The time to make contingency plans is before disaster strikes, so that all personnel will be aware of their responsibilities in the event of an emergency situation that precludes the use of the existing procedures. We suggest that management develop a disaster recovery plan that includes, but is not limited to, the following matters:

- > Location of, and access to, off-site storage.
- A listing of all data files that would have to be obtained from the off-site storage location.
- ➤ Identification of a back-up location (name and telephone number) with similar or compatible equipment for emergency processing (management should make arrangements for such back-up with another company, a computer vendor, or a service center; the agreement should be in writing).
- Responsibilities of various personnel in an emergency.
- > Priority of critical applications and reporting requirements during the emergency period.
- > Documentation of personnel assignments and manual alternative procedures to be implemented until the automated systems can be brought back online.

#### **Policies and Procedures**

We noted that the Academy does not have a formal accounting procedures manual. Written procedures, instructions, and assignments of duties will prevent or reduce misunderstandings, errors, inefficient or wasted effort, duplicated, or omitted procedures, and other situations that can result in inaccurate or untimely accounting records.

A well-devised accounting manual can also help to ensure that all similar transactions are treated consistently, that accounting principles used are proper, and that records are produced in the form desired by management. A good accounting manual should aid in the training of new employees and possibly allow for delegation to other employees of some accounting functions management performs. We recommend the Academy implement a formal accounting policies and procedures manual detailing the process each business services employee completes when performing their job functions.

We also recommend that the Academy implement written policies and procedures for their federal programs, investments, and documented fixed asset capitalization policy. The MDE website has several templates available to assist districts in improving their federal policies and procedures. For investments, we recommend implementing a policy to be in compliance with GASB Statement No. 40. A capitalization policy provides clear guidelines on which expenditures should be added as fixed assets.

#### **Payroll Procedures**

During our review of payroll procedures, we noted an instance where internal controls could be improved. The payroll register should be reviewed by someone who does not have the authority to tell Axios to add an employee or change an employee's wage rate. This review should be performed with each payroll and should be documented by initialing the payroll register.

This report is intended solely for the information and use of Leelanau Montessori Public School Academy, management, and others within the Academy and is not intended to be, and should not be, used by anyone other than these specified parties.

We appreciate the cooperation we received from your staff during our engagement and the opportunity to be of service.

Very truly yours,

Many Costerisan PC

September 19, 2023

To the Board of Directors Leelanau Montessori Public School Academy

We have audited the financial statements of Leelanau Montessori Public School Academy for the year ended June 30, 2023, and have issued our report thereon dated September 19, 2023. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in our engagement letter, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the internal control of Leelanau Montessori Public School Academy. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of Leelanau Montessori Public School Academy's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

#### Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you.

#### **Significant Audit Findings**

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Leelanau Montessori Public School Academy are described in Note 1 to the financial statements. During fiscal year 2023, the Academy adopted Governmental Accounting Standards Board (GASB) No. 96, Subscription-based IT Arrangements, during the year ended June 30, 2023. The application of existing policies was not changed during 2023. We noted no transactions entered into by Leelanau Montessori Public School Academy during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

We evaluated the key factors and assumptions used to develop the estimated life span of the capital assets in determining that it is reasonable in relation to the financial statements taken as a whole. In addition, certain amounts included in capital assets have been estimated based in an outside appraisal company.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

We did not identify any sensitive disclosures.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 19, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Leelanau Montessori Public School Academy's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Leelanau Montessori Public School Academy's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Education and management of Leelanau Montessori Public School Academy and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Maney Costerisan PC
